

DESIGN MINOR

Overview

The Minor in Design provides an opportunity for Tulane undergraduate students to study design principles beyond the introductory level. Students pursuing majors with other schools utilize the dynamic and catalytic methods of design process and critical thinking as strategies within other areas of study. The requirements of the minor are designed to allow students flexibility to pursue individual interests while gaining an overview of the discipline.

Requirements

Course ID	Title	Credits
DESG 1105	Intro Design/Creative Thinking	3
DESG 1005	Fundamentals of Design & Making	4
DESG 2305	Visual Comm & Advocacy	4
DESG 2705	Design & Society	3
or DESG 1110	Introduction to Design History	
Approved Elective ¹		3
Total Credit Hours		17

Design Minors must complete a minimum of 14 unique design credits (courses beginning with “DESG” in the course catalog.) Course equivalencies, transfer credits, and/or study abroad credits applied toward the Design Minor must not exceed a total of 3-credits.

¹ The Design program offers unique electives each semester. Please consult the Schedule of Classes for current Design Electives. All courses beginning with ARCH, ARST, and SISE are recognized as Design Electives. Meet with Major Advisor to request approval for alternative design related courses above the 2000-level.
