

# SMALL BUSINESS DEVELOPMENT MINOR

The 18-credit Minor in Small Business Development allows undergraduate students to complement their current majors with knowledge that will enhance their chosen careers. The minor provides the analytical skills, business fundamentals, practical knowledge, and legal and ethical foundations necessary to develop a business plan, create marketing strategies, identify capital resources, and manage a small business or other entrepreneurial venture.

**Small Business Development Minor Mission Statement:** The Minor in Small Business Development is intended to provide adult learners with the analytical skills, practical knowledge, and legal and ethical foundations to develop business plans, create marketing strategies, identify capital resources, and manage a small business or other entrepreneurial venture.
