

SUMMER BUSINESS MINOR INSTITUTE FOR NON-BSMS

Overview

The Business Minor Summer Institute is an accelerated program that provides non-business students with the fundamental business skills needed to shine in the corporate world or simply to complement their non-business major studies.

In just one summer, students earn up to 23.5 credits and acquire a business minor. In the process, students gain a wide variety of business knowledge, professionalism, connections and confidence to pursue a variety of post-graduate endeavors. Students who pair the business minor with their majors in other Schools within Tulane are able to approach complex nuanced problems from a variety of academic perspectives.

Requirements

The Business Minor Summer Program consists of two sessions, both of which must be completed in the same summer.
