MIIM 7020 Seminar Microbiol, Immun (1,2)
MIIM 7030 Topics in Microbiology (1-3)
MIIM 7050 Thesis Research Design (2)
MIIM 7065 Scientific Writing (2)

This course is for students in the Master of Science Program in Microbiology and Immunology who have chosen the thesis track for completion of their degree. This course will guide students through the scientific writing process, with a focus in the field of biomedical science. In doing so, students will be expected to critically analyze scientific literature in the fields of microbiology and immunology. Weekly sessions will focus on the scientific writing process, critical analysis of published literature, slide presentation preparation, and providing constructive feedback as a reviewer.
