

THEATRE, BA

The Department of Theatre and Dance offers diverse classes for undergraduate students, designed to give students learning opportunities in performance, acting, directing, design, history, voice, and theory and criticism. Our faculty work locally, nationally, and internationally, employing various methodologies and aesthetics.

The department offers a Bachelor of Arts with concentrations in Performance: Acting or Directing, Design, or Theatre Generalist. Audition is required to pursue the BA in Performance. Audition opportunities are available fall and spring semesters.

Students interested in the BFA in Design should submit a letter of application to the Head of the Design Program, requesting admission into the track.

Students interested in being theatre majors are strongly encouraged to seek departmental advisement to create a curriculum plan, especially if considering either a semester or year abroad.

Requirements

Auditions will be held each year for those interested in the performance track.

Core Requirements for All Emphases:

Course ID	Title	Credits
Core Courses
