

# SPORT ADMINISTRATION, MASTER OF SCIENCE

## Overview

The Master of Science (MS) in Sport Administration is a 33-credit-hour program that prepares students for leadership roles in the sport industry through seven required core courses focused on management, leadership, ethics, and data-driven strategic decision-making. Students customize their studies by selecting one of two four-course pathways: Athlete Performance, which emphasizes evidence based strategies to promote on-field success, or Athlete Management which focuses on holistic athlete growth on behalf of support systems. This structure provides both foundational expertise and specialized preparation for careers across diverse sport settings.

## Requirements

The M.S. requires a minimum of 33 credit hours and a cumulative grade point average of 3.000. Program requirements can be found in the table below.
